

# ACTIVITY: USE YOUR VOICE

What will your pupils use their voice for?

Ask them to fill in their speech bubble with the positive ideas that they want to use their voice for. They could use words, a story or even drawings!

For example – to make their friends happy, raise money for charity, support an elderly relative, help the homeless

Once they have completed their speech bubbles, use the activity as an opportunity to have a class discussion:

- 1) Ask your pupils to explain what they want to use their voice for and why.
- 2) Discuss ways that they can use their voice to create a happy and safe environment in school
- 3) Talk to them about why using their voice is an important and positive thing to do.

Share your classes creations with the tootoot team on twitter using #pupilvoiceweek and tagging @tootootofficial!
