Cadet Space Mission

For Schools

ADVENTURE CLUES IS THE BEST WAY TO LEARN ABOUT SPACE!
CHALLENGE YOUNG MINDS IN THIS OUT OF THIS WORLD
ADVENTURE DESIGNED SPECIALLY FOR KIDS

Welcome Cadets! Adventure Clues brings you something totally new, a virtual cryptic space adventure that you can play from your own home or school. We have a very special mission for you to carry out today. It has just been reported that our resident alien hunter, Doctor Sentori is missing! We need you to follow the clues and find out where the Doctor has gone. You'll be whisked off in your own spaceship and jump from planet to planet. At each location it will involve some research, as we have only a handful of clues as to the Doctor's location.

You can proceed when you're ready, but be warned some of the clues may need you to think outside of the box and even this earth.

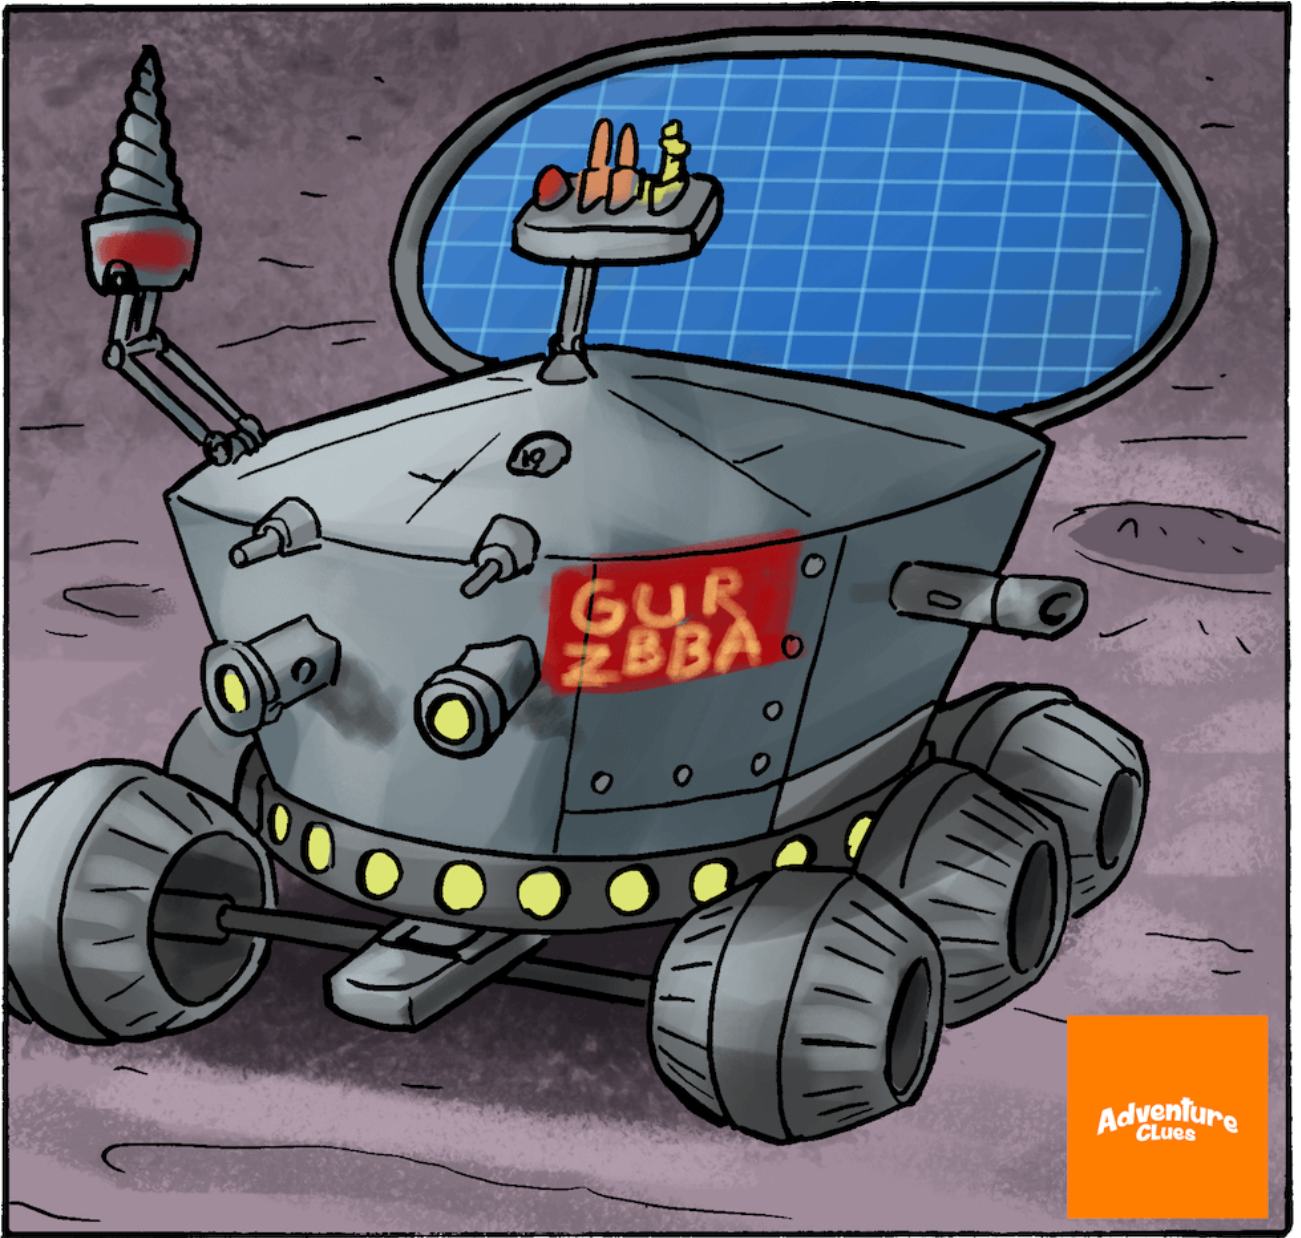

Prepare yourself for the mission Space Cadets – Adventure Clues ground control we have lift off!

- You are a Space Cadet on an important mission to help find our resident alien hunter Dr. Sentori
- Be whisked around the solar system from your school. Solve the clues and learn as you go

- Imaginative experience including comic strips throughout
- Challenge other classes to see who really is the cadet champion
